## 1. Final task assignment

The task consists in the completion of two modules.

### **Module 1. Set of 10 small identical pieces**

Using a potter's electric wheel, contestants will produce a set of 10 small identical pieces. To do so, they will use an approximate quantity of 250g-400g of clay (soil) and work according to a drawing to be provided on the day of the competition.

*The figure below is an example of a technical drawing that could be provided.*

*Please note that this is not the final drawing!*

### **Module 2. Set of 3 large identical pieces**

Using a potter's electric wheel, contestants will produce a set of 3 large identical pieces. It is very important that the 3 pieces have a cylinder of 30 cm. The shape, the additions and the decoration are open to each contestant's own interpretation but must follow the provided topic: "The sea".

## 2. Allocated time: 6h00

The contest duration is 6 hours.

Day 1 (March 25th): 3 hours and 30 minutes.

Day 2 (March 26th): 2 hours and 30 minutes.

### 3. Requirements

- ✓ Contestants must use the potter's electric wheel for the turning/modeling.
- ✓ They will respect the dimensions shown on the technical drawing, as well as the size of the cylinder specified for module n°2.
- ✓ Each contestant will adapt his/her personal artistic contribution and creativity (additions, shape, decoration...) to the provided topic: "the sea".
- ✓ Contestants will manage their own time in order to be able to finish both modules within the allocated time.
- ✓ At the request of the contestants, the members of the jury will be authorized to manage the drying of their pieces according to contestants' instructions.
- ✓ Any contestant caught cheating, talking to someone from the public or using a communication device will suffer a penalty of 5 points for the first transgression. A second transgression will lead to an exclusion from the contest.

### 4. Procedure

**Day -1 (March 23<sup>rd</sup>):** On the day before the competition, contestants will be welcomed on the contest stand by members of the jury. A briefing about the organization of the contest and about the security rules will be arranged. Lots will be drawn in order to assign a work station to each contestant.

**Day 1(March 24<sup>th</sup>):** In the morning, contestants may shape and produce trial pieces and familiarize themselves with the provided equipment.

In the afternoon, they will have 3 hours and 30 minutes of work.

- Preparation of the clay (soil) and turning of the set of 10 small pieces.
- Preparation of the clay (soil) and first modeling of the 3 large pieces.

The dimensioned drawing of the piece to be reproduced X10 will be distributed 5 minutes before the beginning of the test.

**Day 2 (March 25<sup>th</sup>):** In the morning, contestants will have 2 hours and 30 minutes to complete the task.

- Finishing of the set of 10 small pieces.
- Modeling and finishing of the set of 3 big pieces.
- Presentation of the work to the jury for evaluation
