

Cleaning service

1. Final task assignment

Contestants should perform two cleaning techniques:

- ✓ Window cleaning
- ✓ Maintenance of a plastic (vinyl) floor by mechanized cleaning (mechanized washing with low speed single disc, blue pad, water vacuum) and then polishing the floor (high speed single disc, white pad).

For each task, contestants will be evaluated on the following skills:

- ✓ Choice of equipment
- ✓ Choice of cleaning products
- ✓ Respect of the methods
- ✓ Self-control of the work performed
- ✓ Respect for safety

2. Allocated time: 2 hours

The contest duration is 2 hours.

3. Requirements

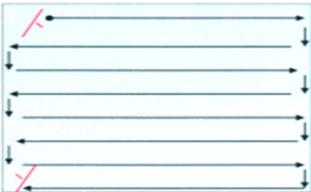

Contestant must come to the competition with his personal protective equipment (PPE).

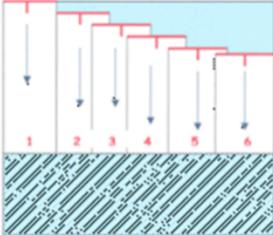

The equipment necessary for the execution of the techniques is provided by the Abilympics organization (INHNI).

Module 1. Window cleaning

Completion time: 30 minutes.

- ✓ Mark out the work area, set a warning sign.
- ✓ Carry out a visual inspection and report the detected defects (scratches, cracks).
- ✓ Prepare equipment for window cleaning (washer, squeegee).
- ✓ Prepare the cleaning solution according to instructions.
- ✓ Wet the entire surface of the glass evenly with a foaming agent.
- ✓ If necessary, scrape the surface with a glass scraper.
- ✓ Wipe the frame with a dry cloth.
- ✓ Inspect the quality of the work performed.
- ✓ If necessary, repeat cleaning.
- ✓ Clean up the equipment used.
- ✓ Clean up the workplace.

4. Procedure

Day -1 (March 23rd): The day before the competition, contestants will be met by judges at the competition stand. There will be a briefing on the organization of the competition and safety rules, and a draw will be drawn to assign each contestant a workplace.

Composition of the groups

Day 1: 5 contestants	Day 2: 4 contestants
Ghana, 2 contestants	Japan, 2 contestants
France, 2 contestants	Nepal, 2 contestants
Finland, 1 contestant	

Day 1 (March 24th): Contestants have 2 hours to complete the task assignment.

Day 2 (March 25th): Contestants have 2 hours to complete the task assignment.

5. Scoring criteria

N°	Items to be evaluated	O/S	Scoring scale
Module 1			51
01	Identification of surface defects - organic dirt / mineral dirt <i>Identification des défauts de surface - salissures organiques / salissures minérales</i>	S	1
02	Identification of surface defects - deteriorations <i>Identification des défauts de surface - dégradations</i>	S	1
03	Proper selection of products, preparation of detergent according to instructions - appropriate choice of detergent <i>Bonne sélection des produits, préparation du détergent selon les instructions - choix approprié du détergent</i>	O	2
04	Proper selection of products, preparation of detergent according to instructions - respect of the dosage <i>Bonne sélection des produits, préparation du détergent selon les instructions - respect du dosage</i>	O	2
05	Proper selection of products, preparation of detergent according to instructions - respect for safety <i>Bonne sélection des produits, préparation du détergent selon les instructions - respect de la sécurité</i>	O	2

06	Checking the technical condition of the equipment - any anomalies are reported <i>Vérification de l'état technique de l'équipement, Dosage - les éventuelles anomalies sont signalées</i>	O	2,5
07	Checking the technical condition of the equipment - accessories are properly used <i>Vérification de l'état technique de l'équipement, Dosage - les accessoires sont correctement utilisés</i>	O	2,5
08	Carrying out the technique / logical order of execution - Procedures are followed <i>Réalisation de la technique / ordre logique de réalisation - les protocoles sont respectés</i>	S	5
09	Carrying out the technique / logical order of execution - The work site is organized and clean <i>Réalisation de la technique / ordre logique de réalisation -le chantier est organisé et propre</i>	S	5
10	Carrying out the technique / logical order of execution - Reaction to an unforeseen situation is appropriate <i>Réalisation de la technique / ordre logique de réalisation - Réaction à une situation non prévue est adaptée</i>	S	5
11	Use of personal protective equipment - the candidate wears PPE <i>Utilisation des équipements de protection individuelle - le candidat porte ses EPI</i>	O	1,5
12	Use of personal protective equipment - PPE is appropriate <i>Utilisation des équipements de protection individuelle - les EPI sont adaptés</i>	O	1,5
13	Respect of the rules of ergonomics <i>Respect des règles d'ergonomie</i>	O	5
14	The control is carried out and is the subject of a report to the jury <i>Le contrôle est effectué et fait l'objet d'un rapport au jury</i>	S	5
15	Solutions are proposed in case of non-conformity of the result <i>Des solutions sont proposées en cas de non-conformité du résultat</i>	S	5
16	The equipment is cleaned and put away <i>Le matériel est nettoyé et rangé</i>	O	2,5
17	Maintenance of order in the workplace <i>Le maintien de l'ordre sur le lieu de travail</i>	O	2,5
Module 2			49
18	Identification of surface defects - organic dirt / mineral dirt <i>Identification des défauts de surface - salissures organiques / salissures minérales</i>	S	1

19	Identification of surface defects - deteriorations <i>Identification des défauts de surface - dégradations</i>	S	1
20	Proper selection of products, preparation of detergent according to instructions - appropriate choice of detergent <i>Bonne sélection des produits, préparation du détergent selon les instructions - choix approprié du détergent</i>	O	2
21	Proper selection of products, preparation of detergent according to instructions - respect of the dosage <i>Bonne sélection des produits, préparation du détergent selon les instructions - respect du dosage</i>	O	2
22	Proper selection of products, preparation of detergent according to instructions - respect for safety <i>Bonne sélection des produits, préparation du détergent selon les instructions - respect de la sécurité</i>	O	2
23	Checking the technical condition of the equipment - any anomalies are reported <i>Vérification de l'état technique de l'équipement, Dosage - les éventuelles anomalies sont signalées</i>	O	2,5
24	Checking the technical condition of the equipment - accessories are properly used <i>Vérification de l'état technique de l'équipement, Dosage - les accessoires sont correctement utilisés</i>	O	2,5
25	Carrying out the technique / logical order of execution - Procedures are followed <i>Réalisation de la technique / ordre logique de réalisation - les protocoles sont respectés</i>	S	5
26	Carrying out the technique / logical order of execution - The work site is organized and clean <i>Réalisation de la technique / ordre logique de réalisation - le chantier est organisé et propre</i>	S	5
27	Carrying out the technique / logical order of execution - Reaction to an unforeseen situation is appropriate <i>Réalisation de la technique / ordre logique de réalisation - Réaction à une situation non prévue est adaptée</i>	S	5
28	Use of personal protective equipment - the candidate wears PPE <i>Utilisation des équipements de protection individuelle - le candidat porte ses EPI</i>	O	1,5
29	Use of personal protective equipment - PPE is appropriate <i>Utilisation des équipements de protection individuelle - les EPI sont adaptés</i>	O	1,5
30	Respect of the rules of ergonomics <i>Respect des règles d'ergonomie</i>	O	5

31	The control is carried out and is the subject of a report to the jury <i>Le contrôle est effectué et fait l'objet d'un rapport au jury</i>	S	3
32	Solutions are proposed in case of non-conformity of the result <i>Des solutions sont proposées en cas de non-conformité du résultat</i>	S	5
33	The equipment is cleaned and put away. Maintenance of order in the workplace <i>Le matériel est nettoyé et rangé</i> <i>Le maintien de l'ordre sur le lieu de travail</i>	O	5
